

Skipping Australia Australian Records Policy

Eligibility to Contest an Australian Record

Athletes must be members of Skipping Australia, in accordance with the Skipping Australia membership structure, to be eligible to contest an Australian record.

Nationality Policy

In order to capture an Australian Record, athletes need to be an Australian Citizen, a permanent resident, or have received an exemption from Skipping Australia.

Current Records

Skipping Australia capture and record on the Skipping Australia website a list of current and archived Australian Rope Skipping speed records. The current speed records are updated regularly, at least annually after each Australian Rope Skipping Championship.

Australian records may only be set at State Championships, National Championships and International competitions and only apply to current speed events.
